

2025 CRN Postgraduate Student Careers Event & Mentoring Program Launch | Monday 12 May |
The Michael Spence Building (F23), Level 5, Room 501

The Cancer Research Network's Postgraduate Student Group invites you to attend this in-person career pathways and mentoring expert panel and networking event.

This year's theme is **Changing Traditions with Bridging Academia and Industry**: Future directions in Cancer Research

Join your fellow HDR students at the careers and mentoring event, featuring speed and social networking sessions with fellow mentees and mentors. Engage in a panel discussion with academics and industry professionals to gain valuable insights into a career in science.

A focus of this event includes our mentoring program where we match HDR student mentees with mentors from different backgrounds, to provide you with support on your HDR research journey. If you are interested in partaking in this program, complete the following survey by Friday 5th April 2025: https://qualtricsxm636xh4ypg.qualtrics.com/jfe/form/SV_6yUR0kSvr7Qkgm

If you have any questions, please get in touch: crn.cancer-research@sydney.edu.au!
